December 4, 2020

Good evening everyone.

We learned late this afternoon that another individual connected to New Norway School has tested positive for COVID-19.

This brings the number of active cases identified in our school to 5.

All of the families who are impacted by this new case have been notified directly. If you have NOT been contacted directly we do not believe your child is a close contact. Your child is not at an increased risk.

Our school has undergone a deep cleaning since anyone who has tested positive was in the building. Our school remains open for in-person learning for the remaining elementary students. Our Grade 7 to 12 students continue to learn online, and those elementary cohorts in quarantine are also being supported to learn at home.

We have seen from our own school experience how quickly COVID-19 can spread. Students and staff who are in quarantine must stay home from work and all other activities. They should not be going out into the community.

If your child begins to exhibit symptoms, you can consult the [Alberta Health Services COVID-19 self-assessment](#) for more information about how to arrange a COVID test.

Thank you for your support.

Stay well!

Mr. R. Payne
Principal

Mr. S. Searle
Assistant Principal
